

LAKE SIDE

AT DELRAY BEACH

Welcome to the last edition of our newsletter for 2017, intended to keep all owners informed of the latest developments and changes affecting our Lakeside community. If you have any comments, questions or suggestions for content please email the editor, Steve Bahns E-409 sbahnsqp@gmail.com).

IMPROVEMENT PROJECTS

Completed so far in 2017:

- Conversion of 26 pole lights to LED - Our parking lots and walkway have better lighting while saving on electricity costs.
- Landscaping – Mulch and annuals added and holiday lights up makes the community look great!

Planned for 2018:

- Repainting all buildings – A survey of color choices was emailed on Nov. 29 for owners to vote on 5 choices, all costing the same.

The results so far are as follows:

Remain the same – 10

Version #1 – 28

Version#2 – 16

Version #3 – 50

Version #4 – 45

Paint samples of the top two versions have been painted on the front and back of building E. The exterior back wall outside the office E106 and 2 places on the front of building E.

Please stop by and take a look to get a better idea what the new colors will look like.

The deadline for voting on the color choices ends Dec. 31, so if you want to have a voice in this decision and have not voted yet, please do so quickly.

POLICY UPDATES

Since the Association can no longer provide interior unit courtesy inspections for owners who are away, if anyone knows of a company performing this service, please reply to this email so everyone can be notified.
